**Budgets** - Budget reviews are still planned to happen the first week of October. By this Friday, accounting will generate P&L reports from last year for services to use as a resource.

**Funding Committee** - Had its first meeting yesterday! (September 23). We reviewed four funding applications. Thank you to everyone who made it!  
Reports are, per the ToR for the Funding Committee, brought to every Council for ratification.

**SSPN** - The Member at Large application for SSPN is currently open until the 30th. If you know anyone interested in event planning, tell them to apply! Right now we do not have any solid plans for events (due to COVID), but we are exploring the possibility of hosting a virtual roundtable event!
