This application was for the Canadian Chemical Engineering Conference. The CHESS is sending 20 students virtually to attend workshops, compete in events, and see inside important chemical engineering research that is currently taking place. The partial approval reflects the fall deficit of the CHESS.

This application was for 5 Starbucks gift cards worth \$10 each for 5 panelists in a career day panel put together by the McGill Students for Geriatric Health Club. Students have the opportunity to ask questions to 5 professionals in the field, and the gift cards are a thank for participation for the panelists.
